FROM THE DIRECTOR'S DESK...

"If we had not winter, spring would not be so pleasant: if we did not sometimes taste of adversity, prosperity would not be so welcome"

- Anne Bradstreet

So... what is "normal" these days??? Seems like everything is different than what we are used to. BUT.....we know what has been successful in our Department, so more of that is one the way!

- Our Food Truck Rally series (A Food A-Fare) continues on in 2023! These kept growing in numbers last year, and we can't wait for them to start up in May. See page 10-11 for the yummy details on trucks and bands!
- Our Wednesday summer concert series (seven dates) will start up again on June 14th. Three new bands are in the lineup, in addition to some of your past favorites. See page 12-13 for details!
- Work has started on the Ashwaubomay River Trail bridge, going across Ashwaubenon Creek into Ashwaubomay Park! This 15' wide bridge will connect with the recreational trail that starts at the Ashwaubenon Marina. At 375+ feet in length with a fishing bumpout.... it will be a grand addition to our Village amenities. Expanded walking/biking/running for area residents and park visitors! The bridge has received DNR Stewardship grants, and a plaza area will be built thanks to the David L. & Rita E. Nelson Family Fund grant. The plaza area will overlook the Fox at the north end of the park!
- Artstreet is back! See page 9 for details.
- Thanks to all who came to the community center in February to register for our summer daycamp program. It sold out for all 10 weeks in 1 1/2 hours.
- A new playground structure will be open at Smith Park this summer! Originally planned for last fall, the project was pushed back due to manufacturing delays. The structure is about 80% erected now, with the final components to be installed this spring, and a rubberized surfacing section to be installed this summer.
- If you have never attended "History in the Park" put on by the Ashwaubenon Historical Society, you need to check it out. Long-time Ashwaubenon leaders, figures, business people and prominent "names" tell their stories about some facet of Ashwaubenon History. These stories are fascinating, humorous, and well worth your time! This year's event will be on Thursday, June 15th. See page 7 for the fun details!

WE are ALWAYS looking for people who are willing to share their talents and or stories with our community. If you are willing to take a step into teaching or presenting a topic that you love, please contact our office! Ask for Rex, David or Rachel. We are happy to discuss your ideas!

From our PR & F family to yours, have a great spring and summer!

Registration for programs begins: APRIL 3: FOR RESIDENTS • APRIL 10: FOR NON-RESIDENTS

Unless notified by our Department, you will automatically receive your first choice.
If you would like confirmation of your registration, please provide an email address.

THE GREAT ASHWAUBOMAY PARK CLEAN-UP PROJECT

The eight annual community work day at Ashwaubomay Park is scheduled for **Saturday, June 17, 2023**. We are seeking community members, park users, service organizations and scouting groups to help improve Ashwaubomay Park for all visitors. Last year volunteers cleared buckthorn and honeysuckle along Ashwaubomay Creek at our park entrance.

Please bring your hand pruners, pole saws, and loppers (no power tools please) to help remove these invasive species and other brush that have taken over the Fox River riverfront. Our work day will begin at 9:00 a.m. and run until 11:30 a.m. when we will have a BBQ hot dog lunch awaiting beneath a picnic shelter, followed by free lake admission! We'll be meeting by the Ashwaubomay Lake shelter area.

Interested in helping ... GREAT!!! It is recommended that work gloves, long sleeve T-shirts and long pants be worn for safety purposes.

Give us a call at 492-2331 to get on the volunteer list.

VOLUNTEERING IN THE SCHOOLS

The Ashwaubenon School District invites all citizens to consider volunteering in the schools. There are a variety of volunteer opportunities at Cormier, Valley View, Pioneer, Parkview and the High School.

Volunteers can serve as classroom helpers, assisting teachers with reading activities, math facts, spelling review and serve as test and computer supervisors. In addition, the district is looking for citizens willing to periodically read to classes and to help with special projects. Serving as a mentor or guest speaker and sharing information about careers, travel, hobbies and life experiences are still another way in which citizens can be utilized.

Volunteer opportunities are available for once a week, monthly, or on an "as needed" basis. Commitments are generally for an hour or two in a variety of time slots. Volunteer activities are flexible to accommodate citizens who travel or go south for the winter.

Assignments will begin in September. A complete list of volunteer opportunities will be listed and continually updated on the school district website at www.ashwaubenonk12.wi.org/volunteeringcln. Anyone interested should contact, Coordinator of Volunteers, Kathy O'Brien at (920) 360-4033 or kobrien@ashwaubenonk12.org or call the school district office at 492-2900.

What is a summer lunch program? The Summer Food Service Program (SFSP) ensures that children continue to receive nutritious meals when school is not in session at no charge. This summer, USDA plans to serve more than 200 million free meals to children 18 years and under at approved SFSP sites.

At **Fort Howard Park**, bag lunches will be brought to the park by the ASD food van and served by ASD staff with assistance from the VOA parkees. Serving time is expected to be 12 noon.

At **Parkview Middle School**, free nutritious lunches will be served immediately after summer school (about 12 noon) in the school cafeteria. You do NOT have to be enrolled in summer school to be served a free meal! Children of any income level are welcome to participate. Children and teens ages 18 and under are welcome.

- A lunch will typically consist of some type of sandwich (bread with chicken, lean meat or fish) or pasta, vegetables, fruit, milk, and possibly some other goodies!
- There is **NO** cost for the summer lunch program for youth ages 18 and under.
- Each person must be present to receive a lunch.
- You do NOT need to register for the program.
- Parents/Guardians: If you would like to eat lunch with the kids, an adult lunch will cost \$3.

The program will begin on Monday, June 12 and run through Friday, August 15. More information about the program will be posted on the ASD website and Ashwaubenon Park & Rec Facebook page as summer nears. Feel free to call 492-2331 for further information!

THINGS YOU SHOULD KNOW

CHANGING ROOM POLICY: Children 5 and older are asked to use appropriate changing rooms. We also have 3 family changing rooms available in the warm water pool.

PARENT WATCH POLICY: Parents are welcome to watch, but with your child's interest in mind, we ask that you keep interaction with your child to a minimum. Our instructors have found that the quality of instruction has often been affected by parents and/or sibling distraction, interruptions and various other concerns during class time. We also feel it is most beneficial for children to have recreational time with their peers. Our instructors always welcome the opportunity to discuss participant's progress with parents. Please contact your instructor before or after class with any special concerns.

REFUND POLICY: If a participant cancels a registration, \$5 will be charged for processing with the balance of the activity fee being refunded. Cancellations may occur up to two days before an activity unless there is

a registration deadline. NO REFUNDS will be given after an activity has started

POOL TEMPERATURE: Competitive pool is kept at 81 degrees F and the warm water pool is kept at 89 degrees F.

LOCKER FACILITIES: The pool offers storage for your belongings while using the pool. There are lockers available in each locker room that may be locked with a personal lock.

GOGGLES: For levels 1-3 we do not recommend goggles because children need to learn to be comfortable in the water without any aids. However, with the upper level classes, goggles are recommended as students are expected to spend a significant amount of time doing a variety of skills with their faces in the water. Goggles will help to reduce eye irritation.

Please note: Mask type goggles with the nose piece attached are strictly prohibited.

PARKS & FORESTRY

TREE/BENCH DONATION PROGRAM

The Village of Ashwaubenon Parks, Recreation & Forestry Department offers a dignified Tree and Park Bench Donation Program. This program will provide individuals, families and organizations a way to remember a loved one, honor someone special or recognize a special achievement.

A selection of species is offered to allow participants to choose a tree to suit their individual tastes. To ensure optimal growth, trees will be planted by Village Staff at the appropriate time of year (typically May and October as weather permits). Tree donors will also be recognized on our donor plaque which is displayed at the Village Hall.

The bench style is a six foot long, steel Du Mor bench and can be ordered in a green or black polyester powder finish. The bench also comes with a 2" x 10" plaque that is set into the bench to create a personalized message commemorating the donation. Benches will be installed in summer or fall on a concrete slab in a mutually agreeable location.

If you would like to further discuss specific details of the program, a Parks, Recreation and Forestry staff member will be happy to meet with you to answer any questions. Please contact the Department Office at 492-2331 to discuss options.

SPONSORSHIPS/PARTNERSHIPS/ DONATIONS

EMERALD ASH BORER

DON'T FORGET TO PROTECT YOUR ASH...

The Village of Ashwaubenon encourages residents to chemically treat both private and public ash trees on a preventative basis to prevent being killed by EAB. A number of effective options are available, with many able to be done by homeowners while others require professional applicators. Please remember to complete a FREE Village of Ashwaubenon "Tree Work – Permit Application" before treating any street trees. Several reasons for this are:

- Ensuring trained, licensed contractors are complying with WI State laws and regulations and that Restricted Use Pesticides are only be applied by professionals
- Record treatments in our inventory to guide future management decisions

Large-Scale Ash Tree Removal Begins

In March of 2020, the Village Board approved funding for a 5-year plan to manage Emerald Ash Borer (EAB) on public properties in Ashwaubenon. The plan outlines a comprehensive approach to manage the adverse impacts of EAB in our community on public right of ways, parklands, and other Village owned properties. A major component of this plan is to remove approximately 1056 inventoried ash trees in our neighborhoods and parks. Private contractors will be utilized for this work and after removing the trees they will also provide stump grinding and site restoration. Replacements trees will be offered, if appropriate for the site, at no cost to residents choosing to have a new tree planted. Below is the current schedule for ash removals, with the project for 2023 roughly being the northern half of the Village west of US Hwy 41.

Project Areas for 2023:

- 376 street trees in management areas 6-11
- Gillis to Pioneer Parks
- Dutchman Creek Conservancy

Project Areas for 2024:

- Street trees in management areas 12 & 13
- Valley View Park
- Waterford Park

EMERALD ASH BORER

WHAT CAN I DO?

- Keep up to date on EAB (see link below)
- Don't move Firewood
- Remove infested trees and dispose or utilize properly
- Decide if you will chemically treat healthy ash trees
- Inspect ash trees annually
- Replant with other species

CONSIDER YOUR OPTIONS...

Do you protect your ash tree?

Ash trees can be saved if they are chemically treated. Trees may need to be treated throughout their lives. If your ash tree is healthy and is enhancing your landscape, it may be worthwhile to protect your tree. Healthy trees are valuable and provide many benefits such as home energy savings, property value, shade and reducing storm water runoff. For more info on chemically treating ash, see www.emeraldashborer.wi.gov. Click on the Homeowners tab for further links on tree or insect identification as well as chemical options.

Should I remove my ash tree and replace it?

Trees which are unhealthy, have structural problems, are planted in poor sites and are not important to the landscape, and/or showing many outward signs of EAB infestation should be considered for removal and replacement. EAB infested trees left untreated will die and quickly become a liability due to limbs breaking off. Additionally, trees killed by EAB are more costly to remove since they shatter when hitting the ground.

Who should I hire to treat and/or remove my ash tree?

Work with a professional arborist. Hire an arborist that is insured, preferably one that is an International Society of Arboriculture Certified Arborist. If you hire an arborist to chemically treat your tree, make sure they are a WI Certified Pesticide Applicator. Get a couple of estimates from different arborists.

RANDOM EAB FUN FACTS:

- First discovered in SE Michigan in 2002, but is suspected to be present for 10-12 prior to its discovery.
- Discovered in WI in 2008, Brown County on July 23, 2009 and Ashwaubenon on January 26, 2017.
- Currently found in 36 US States and 5 Canadian Provinces.
- The Village currently has 1056 inventoried ash trees... a 31% reduction since 2004.
- Now considered the most destructive forest pest ever seen in North America surpassing Dutch Elm Disease that was rampant in the 60's and 70's.
- Only affects ash (*Fraxinus*) species and its cultivars; mountain ash (*Sorbus*) is not a true ash and is unaffected
- Wisconsin's has an estimated 720 million forest land ash trees
- Firewood movement is the primary means for EAB movement to new areas

Moving forward...

- Private property owners will be responsible for managing trees on their property
- Village will only manage trees located on public property, however we currently will not be chemically treating ash street trees
- We encourage private property owners to treat

both their private and street trees for EAB and request they contact the Village so we can track any public trees being treated in our inventory

- Village Staff can provide technical assistance for private property owners to manage EAB on their property

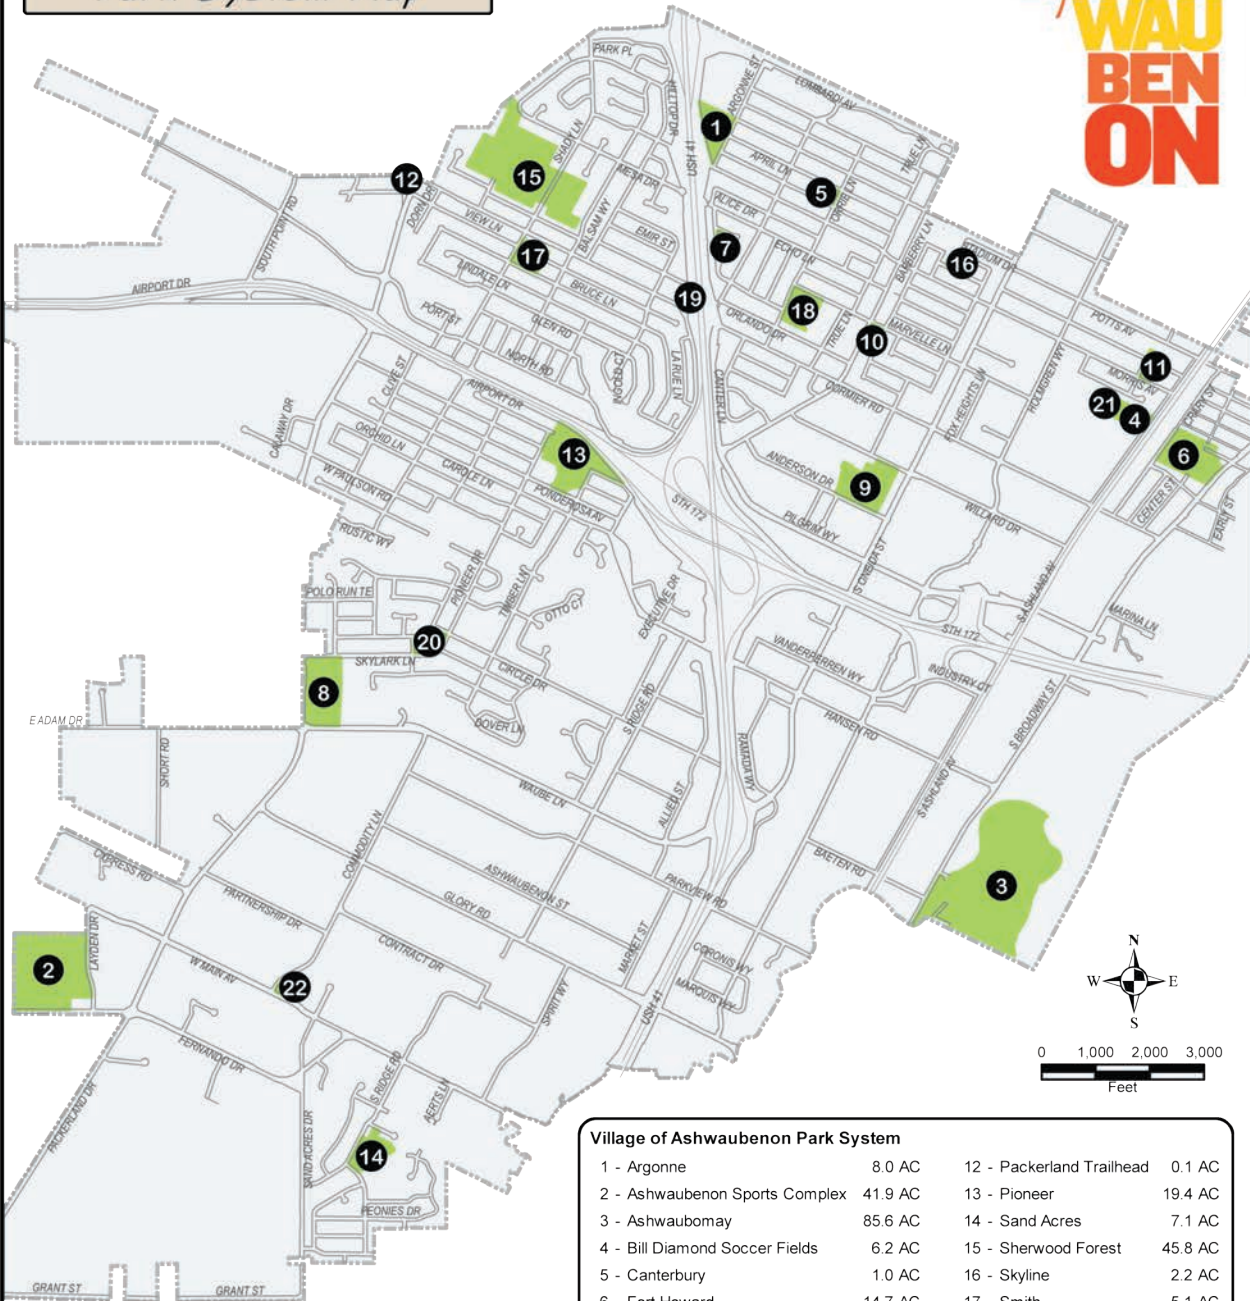

Additional EAB information can be found at: www.emeraldashborer.gov

STREET TREES AVAILABLE TO RESIDENTS

The Neighborhood Street Tree Planting Program will once again be offered in the fall of 2023. The planting program is a partnership between the Village and its residents to promote the benefits of tree-lined streets. The resident pays for the tree while planting and maintenance will be the Village's responsibility.

A selection of suitable trees will be sent to interested residents with an order form in early fall and planting will be done in late October or early November.

Interested residents are asked to call the Village Forester before **September 1, 2023** to be included in the program.

TDS® IS BUILDING A FIBER NETWORK IN ASHWAUBENON

TDS, based out of Madison, is continuing to build a fiber-optic network to bring super-fast internet, plus TV and phone services to Ashwaubenon.

What makes fiber different? Because it uses pulses of light to deliver information, a fiber-to-the-home network offers substantially faster upload and download speeds—plus more bandwidth—than other technologies.

Construction on the project is scheduled to resume this spring and will become available to customers in phases. Watch for information on door hangers and in your mailbox as build activity gets underway.

For more information, visit TDSFiber.com/construction. TDS will also be hiring locally to fill new positions. To view job opportunities, visit TDSFiber.com/careers.

VILLAGE CELEBRATES ARBOR DAY

Twenty-eight trees were provided by the Packer's Green Team "First Down for Trees" project in 2022 to help increase the species diversity within Ashwaubenon's urban forest.

The Green Bay Packers Green Team and Wisconsin Public Service initiated **First Downs for Trees** as a joint effort with Brown County communities, the WI DNR, SCA Tissue and Green Bay Packaging to promote the planting of trees.

The Village of Ashwaubenon Parks, Recreation and Forestry Department thanks our generous partners to make these projects a HUGE success!!!

VOLUNTEER OPPORTUNITIES OFFERED

The Parks, Recreation and Forestry Department currently has several volunteer based programs designed for citizen's to take an active role in their community.

ADOPT A GARDEN

Volunteers plant the gardens beneath the park signs with the design and flowers of their preference. Adoptees are asked to plant, weed and maintain the beds throughout the growing season with Village Staff providing watering and fertilization.

*****The garden that is currently available for adoption is Mike Vann.**

ADOPT A PARK

Involves picking up litter from your selected park a minimum of three times per year. Trash bags and pickup afterwards can be provided by Village Staff. Each group's efforts will be recognized with a sign to thank the organization or family for helping keep "their" park looking good.

***** Parks currently available for adoption in 2023 include: Ashwaubomay and Bill Diamond Fields in addition to many trailways located throughout the community.**

If you are interested in becoming involved in any of these programs, please contact the Village Forester at the Parks, Recreation & Forestry Department for assistance.

STREET TREE PRUNING PROGRAM

The Village has funds budgeted in 2023 to prune street trees in Management Area 10 (Pioneer Park Neighborhood) as shown on the map below. Most of the trees in this neighborhood were last pruned back in 2009 and require much needed maintenance. An established pruning cycle has been initiated to provide regular maintenance to our street trees. To maximize the efficiency of our operations, request pruning outside the scheduled cycle will try to be minimized and resident patience is appreciated until the entire community is on a routine pruning program.

When pruning, crews will do the following:

- Raise the crown and provide clearance
- Remove deadwood larger than 1 and 1/2"
- Prune broken or damaged limbs
- Lightly thin to allow for light penetration and air circulation

*Please note, due to Emerald Ash Borer (EAB) we will not prune any Ash within the project areas.

RESIDENTS ASKED TO HELP PREVENT SPREAD OF OAK WILT

To minimize the potential for an oak wilt infection, the Village of Ashwaubenon has adopted an ordinance to **PROHIBIT THE PRUNING OR WOUNDING OF OAKS FROM APRIL 1st TO JULY 15th**. This policy applies to public as well as private trees. Contact the Village Forester for additional information.

CURBSIDE BRUSH COLLECTION

The Village of Ashwaubenon Public Works Department completes a continuous collection rotation of brush pick-up through the Village during the spring, summer and fall months. The collection progresses from the north end of the Village and cycles through to the south end of the Village generally in a 3-week timeframe.

EXAMPLES OF ACCEPTABLE BRUSH PILES FOR VILLAGE PICK-UP

BRUSH PICKUP GUIDELINES

In order for the Village to provide timely and efficient collection of brush, a number of guidelines and illustrations are provided below to help property owners correctly place brush curb side for this service:

- Brush collection is meant for residential tree/brush trimming completed by Village residents. If a contractor is hired to complete tree/brush removal, the contractor must cut, chip, remove and dispose of all material. Please contact Daanen and Janssen Quarry at (920) 336-4149 for disposal options.
- Brush must be placed at the edge of the roadway or curblane with the cut sections facing the street and all limbs facing the same direction. Limbs cannot exceed 6" in diameter at the cut section and must be trimmed down to a maximum length of 15'.
- Do not place brush in the roadway, flowline, ditches or on sidewalks. Keep all brush away from fire hydrants, electrical poles, low hanging wires, fences, mailboxes or other objects in the yard.
- Do not mix brush with other yard waste (grass clippings, leaves, garden waste, paper/plastic, etc.) nor put in garbage cans or bags.
- Roots/stumps/large trunk sections cannot be picked up but Village residents can bring these items to the Village Yard Waste Site located on Collaer Court.

EXAMPLES OF UNACCEPTABLE BRUSH PILES FOR VILLAGE PICK-UP

Brush set out to the street that is not following the above guidelines will not be collected by the Village as part of its brush collection program and will be subject to enforcement action under Municipal Code Section 18-2-33.

STORM WATER UTILITY FUN FACTS: GRASS CLIPPINGS

DID YOU KNOW?

Grass clippings contain phosphorus, the nutrient that turns lakes green with algae. One bushel of fresh grass clippings can contain **0.1 LBS OF PHOSPHORUS - ENOUGH TO PRODUCE 30 - 50 POUNDS OF ALGAE GROWTH if it finds its way to a lake or river!**

WHAT CAN YOU DO?

- **LEAVE** grass clippings on the lawn
- **DIRECT** grass clippings away from streets, driveways, sidewalks and other paved areas
- **SWEEP UP** grass clippings and return them to the lawn
- **SET** the lawn mower at a higher setting (over 2.5 inches) letting shorter blades fall back onto the lawn as natural fertilizer
- **SHARPEN** mower blades every 1-3 years
- **MOW** when your lawn needs it, not on a fixed schedule
- **MIX** grass clippings with leaves and soil to make a backyard compost pile

WHY?

- Grass clippings are composed of 85% water!
- With grass recycling, use of fertilizers can be reduced by 30- 40% or more!
- Lawns mowed higher are more competitive against weeds.
- Lawns mowed higher withstand heat stress better, need less watering, and are more resilient, reducing bare spots and soil erosion.
- Leaving grass clippings in place leaves the equivalent of 1 pound of nitrogen per 1,000 ft² - the same amount you would get from 1 fertilizer application

Yuck! - algae as a result from too much phosphorus in the lake

WHAT IS A CO-SPONSORED ORGANIZATION?

- 3) Upkeep and grooming of all facilities
- 4) Insurance coverage
- 5) Free use of community center for their meetings
- 6) Provide a staff liaison to attend co-sponsored board meetings.
- 7) Provide a staff liaison to help with facility or program concerns
- 8) Plus miscellaneous other items

In return the co-sponsored organization is responsible for the following:

- 1) Day to day operations of their organization
- 2) Handle all registration and money
- 3) Provide contact person to department and all participants
- 4) Have a governing board that meets on a regular basis
- 5) Provide budget information to department each year
- 6) Follow participation rules - equal playing time for all participants
- 7) Follow Parks and Recreation Department philosophy in program - skill development focus, equal play and opportunities for all participants and focus on fun and skills rather than "winning"

This unique relationship seems to work and provides for low cost, well-run recreation programs for hundreds of children each year.

ASHWAUBENON'S SPECIAL CHILDREN'S PROGRAM

PRESIDENT: TBD 492-2331

Students with physical and cognitive disabilities are able to participate in the Ashwaubenon Special Children's Program. The program is for students of varying degrees of abilities and is an 8 week program running June 13-August 11, 2022 held at Parkview Middle School. The program is in partnership with the Ashwaubenon School District and the Ashwaubenon Parks, Recreation & Forestry Department. Participants will be involved in theme based activities each week, with an emphasis on community activities and field trips. Teachers and aides can work one on one with participants. This allows students to maintain skills attained during the school year throughout the summer and develop peer and community interactions as well. There are two 4 week sessions during the summer (allowing for both summer school and program participation) Need based scholarships may be available. Bus pick-up and drop-off from a students' residence is part of the program.

For more info, please contact Tammy Lampereur @ the school district (492-2405 X 1010)
